C. 20548-0001) : The Program, 1999. OCLC Number: (OCoLC)45188130 Subject: Finance, Public -- Accounting -- Data processing -- Standards -- United States. Excerpt: . . . Introduction to Functional Requirements Definition A federal grant is a financial assistance instrument which, consistent with 31 U. S. C. Section 6304, Using grant agreements, provides money and or direct assistance to the recipient to carry out a public purpose authorized by a law of the United States, instead of acquiring property or services for the Federal governments own use. Cooperative agreements are also funding instruments which have a similar process. Throughout this document, statements applicable to discretionary grants generally apply to cooperative agreements as well. Cooperative agreements may also be used for financial assistance, except unlike grants, substantial involvement between the granting agency and the grant recipient is anticipated. Grants, cooperative agreements, and other contractual agreements may be processed by some agencies using the same administrative, accounting, and financial systems. Guidelines The OMB issues grants management circulars which are published in the Federal Register (administrative requirements, cost principles, and audit circulars). Federal agencies issue regulations implementing those OMB circulars and as needed publish other policy issuances that aid in understanding and complying with new regulations. Scope of the Grant Business Total grant funding for the U. S. Federal government was nearly 300 billion during Fiscal Year 1999. Grants for food, transportation, research, and other public missions involve institutions and organizations throughout the U. S. economy, underscoring the importance of efforts to improve grant financial management systems. Grant Life Cycle The life cycle of a grant includes application, review, award, performance, payment, and...
