Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Susie has already walked 500 miles across France (Best Foot Forward) and driven its circumference (Travels With Tinkerbelle), but cyclist she is not. By suggesting an electric bicycle that will get her through the uphill slogs, her husband persuades her that travelling on two wheels is by far the best way to see the little-known, virtually undocumented part of France they plan to explore. And so, with not a few mishaps and misgivings, it turns out. Susie s cycling adventure follows the route taken by Louis XVI and Marie Antoinette on their abortive escape from the French Revolution and their journey back to their executions. After a hair-raising journey through Paris that nearly ends in her own execution by traffic, Susie finds an area of calm waterways and tranquil countryside bursting with history. Idyllic territory for cyclists. Their route takes them from Paris and Versailles to the vineyards and champagne cellars of Epernay and Reims then through the Marne valley, the scene of unimaginable horror and devastation during World War 1. In three weeks Susie and Terry cycle 500 miles, dining sometimes in luxury and often on weird makeshift meals in their tent. Along the way there are traumas, epiphanies, occasional matrimonial disagreements and the odd glass of champagne. A quirky, highly entertaining and endearing mix of personal travel adventure and French history.
