Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is for young students Gifted or Advanced in math. All the same contents in this book are also printed in a larger book (letter size). It is printed though, with the same font and the same font size, so it only has bigger space around the text, together with a different cover, and is called Algebra Examples Graph Operations. And the main reason is that some students prefer a smaller book, because they can carry it around more easily, whereas some others prefer a larger one, because they can add their notes more easily. Anyways, working with a function or equation, we often need to change or modify it. Changing a function or equation, we can do it changing its curve. And changing it, we change its location or its form. Why change though? Doing problems with functions or equations, we often need to change them so that we can get the ones we want, and can get them readily and fast enough. And changing functions or equations, we say we do transformations to them, and say we do function transformations or equation transformations. And doing it, we do it changing its curve, that is, its graph. So we can call it a graph operation. In GRAPH OPERATIONS, discussions will be focused on how to change functions or equations changing their curves. So this book is about curves. And more specifically, what s covered here is how to put a curve in a graph many different ways. So you will get to see in this book, how to move, change or alter, or modify a curve, and how to get the equation of...
