My latest ebook which teaches the fundamentals of cartomancy is now ready for release. It's similar to my other books in that it's aimed at complete beginners as well as people who've started learning this particular reading discipline but then given up for one reason or another. Like my other books I use a no nonsense approach with lots of memory tips, insights, reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely hands on . There's a lot more information hidden in those fifty-two bits of paper than you probably realise!
