Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

THE ROOTS OF THE BLUES: AN AFRICAN SEARCH (PAPERBACK)

The Perseus Books Group, United States, 1991. Paperback. Book Condition: New. Revised ed.. 202 x 128 mm. Language: English . Brand New Book ***** Print on Demand *****.I went to Africa to find the roots of the blues. So Samuel Charters begins the extraordinary story of his research. But what began as a study of how the blues was handed down from African slaves to musicians of today via the slave ships, became something much more complex. For in Africa Samuel Charters discovered a music which was not just a part of the past but a very vital living part of African culture. The Roots of the Blues not only reveals Charters s remarkable talent in discussing African folk music and its relationship with American blues; it demonstrates his power as a descriptive and narrative writer. Using extensive quotations of song lyrics and some remarkable photographs of the musicians, Charters has created a unique contribution to our understanding of both African and American cultures and their music.
