To save **Creating Concrete5 Themes** PDF, you should refer to the link listed below and download the ebook or gain access to additional information which are related to CREATING CONCRETE5 THEMES ebook.

Packt Publishing. Paperback. Book Condition: New. Paperback. 160 pages. Dimensions: 9.1in. x 7.5in. x 0.5in. Create high quality concrete5 themes using practical recipes and responsive techniques to make it mobile-ready. Overview Get to grips with the concrete5 architecture. Learn how to create a concrete5 theme. Discover how to make a theme responsive to improve it for small devices. In Detail Creating a concrete5 theme isnt complicated if theres already a HTML document. There are only very few PHP functions youll have to add, but those are powerful and give you a lot of freedom. As youll learn to create mobile ready themes, youll start to see that theres almost no limit in what you can do. Creating Concrete5 Themes is a practical, hands-on guide that provides you with a number of examples that will teach you how to create powerful concrete5 themes, change the look of content block elements, and even make your site ready for mobile devices. Creating Concrete5 Themes starts with a few words about the editing concept and architecture of concrete5 and then continues with the creation of a basic theme which gets extended with more and more elements until the theme is mobile ready. You will learn where to find the information necessary to get your own concrete5 site and then get a quick introduction to understand the idea of the in-site editing concept. Well then create a theme which is extended with features and more details as we progress. Youll also see some examples to show you the process of overriding elements from the core without losing the ability to upgrade concrete5 in the future. Once weve customized every element in concrete5 to build a complete theme, well have a look at responsive techniques to make your site ready for small screen devices such as mobile...
