THE CONSTITUTION OF VICTORIA (HARDBACK)

DOWNLOAD

Federation Press, Australia, 2006. Hardback. Book Condition: New. Language: English . Brand New Book. [T]his work is comprehensive in its treatment of all aspects of Victorian constitutional law whether they be historical, jurisprudential or practical. Occasionally the author offers his own views upon the direction which the law has taken or should take, but in a manner which adds freshness to the text or adds interest for the reader. This is a legal text-book and is bound to be a standard text for many years to come. There is no other comprehensive work which covers Victorian constitutional law. But it is digestible in a way that many other text-books are not. It will provide a wealth of understanding and insight to teachers, students, practitioners, public servants, members of Parliament and others for whom an understanding of the Victorian Constitution is of interest and, often, necessity. It is not only the courts which are concerned with constitutional law. This work has a practical application in many other areas and for many who are not lawyers. It will provide practical guidance where that is possible and, where it is not, will provide a scholarly foundation upon which to build the correct answer. Sir Daryl Dawson, from The Foreword - full text below (see Extracts) This is the standard reference work on the Constitution of Victoria. Since the election of the Bracks government and its gaining a majority in both Houses of Parliament, the Victorian Constitution has undergone far-reaching change, making it markedly different from other Australian State Constitutions in a number of respects. This work analyses and comments on the new and old provisions of the Victorian Constitution and is essential for understanding the effect of the changes, some of which are of doubtful validity.
