Complete Intellectual Arithmetic: Adapted to Classes in Grammar Schools and Academies (Classic Reprint) (Paperback)

By James Bates Thomson

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Complete Intellectual Arithmetic: Adapted to Classes in Grammar Schools and Academies Intellectual Arithmetic has, confessedly, never received that attention in popular education which its importance demands. The distaste for the study, often manifested, is due not so much to the subject itself, as to the manner in which it is presented. Mental Arithmetic is but another name for Arithmetical Analysis, which is the master-key to the treasury of Mathematics. It unlocks the portals and bids the tyro enter and participate freely in the riches of this matchless science. By the aid of Analysis, the business man performs his multifarious calculations with readiness and accuracy, though the rules of the book have long since faded from his memory; by the application of its principles the scholar threads the intricate mazes of Astronomical Science. The plan of this book is to present a series of mental exercises adapted to classes in Grammar Schools and Academies. It embraces all the more important principles of business arithmetic, without being encumbered with operations in counting the fingers, or with unwieldy...
